To whom it may concern,

This letter is in reference to my employment. I understand that there's a slight delay from my supplemental documents. So to speak, the reason for the purpose of this letter is to let you know that I considered categorizing my previous as part time during my College years apart of which I thought of as irrelevant different from my post-college job that I used as reference to my recent experiences. Herein, followed up as requested.

Sincerely,

A handwritten signature in black ink, appearing to read 'Benjie Jr. Tolbo Malayang', written in a cursive style.
